

BRAINSTORMS

WITH FERRIN COX

Teddy Kennedy made a well-rehearsed speech Monday, but it failed to shake up the world as he and his aides had been hoping and predicting it would do. Teddy was so intent that the speech be better-perfect that he went to the speech hall with his experts a day early and practiced. Conversation with several local people indicated they listened to news reports of his speech and forwarded mental pictures of him going and putting when answering questions at unrehearsed press conferences. Me, too.

The county commissioners in Coffee County are all up for re-election this year, and even though it is many months before qualifying, potential candidates are already lining up support and making some promises. All six of the incumbents complete their terms at the same time, but at least one has said repeatedly he will not seek re-election . . . the other five can go either way, as they haven't announced their intentions . . . at least not to us.

The much-proclaimed recession that has been delayed and delayed is now off. That is the official statement from ye old editor, the self-acclaimed learned expert on the economy. We were seeing some adjustments in the economy, and some more may be in the books, but an overall recession has been stopped short by the unrest in the Middle East, and the announced surge in military spending in this country. The flip side of this coin is that inflation continues at its present rate, and may even increase a point or so.

Enterprise Police Chief Howard Murdock died recently after a long battle with that old dreaded killer, cancer. He was a fine man, and he put up a great fight. Murdock seemed to keep a positive attitude and was able to talk rather freely about his problems. He was also able to continue helping other people in spite of his personal health problems. Coffee County needs a few more folks of his caliber.

We didn't hear President Carter make his speech and call for reinstatement of the military draft, but within an hour, several in the age group directly affected filled us in on the details. Personally, we support a return to the draft (we went ourselves - twice) and see a whole bunch of folks that would profit from a couple of years of STRICT military training. We can't leave this issue without a cute smile at the ERA advocates who are saying but . . . but . . . when there is suggestions of signing them up for the draft.

If we owned any buildings in California, and the recent earthquakes hadn't destroyed them, you could buy them cheap, and in the meantime, we would be buying a bunch of insurance. After nine earthquakes and experts predicting an even bigger quake soon, we would have missed the current rainstorm 'cause of a fast trip to the swamps of South Alabama.

A heritage room at Elba High School has been proposed and arrangements have been made to start assembling items relating to the history of the school. Mrs. Shirley Wise is collecting the items such as old yearbooks, early diplomas, pictures, etc. They will be stored until such time as there is room available to display the mementos. Anyone desiring to donate such items is urged to contact Mrs. Wise at the school or at home.

When Shirley Wise was here talking about the proposed Heritage Room, we mentioned a problem a local woman ran into while using the cake recipe we published last week. Well, Shirley gave us the pan size, so the Cheesy-Gooey cake would not boil over the oven. Use a pan 9 x 13 and 2 inches deep (I think). We must also protect Shirley by quoting her as assuring us that was not her recipe, but came to her through several hands from another of Elba's good cooks.

The Alabama Legislature is getting ready for its annual session, and things promise to be just as hot as they were last year. The big thing right now is funding of welfare programs. We have some pretty strong opinions on that matter, but actual funding of welfare funding should have been either at work or looking for a job. Many of the protestors could have physically outwitted them, but maybe that is below their dignity. It frightens me to witness the growing attitude that the government owes the citizens everything!

Our reaction to the news broadcast Tuesday night showing shots of demonstrators at the State Capitol wanting funding for welfare was not good. The able-bodied men and women demanding welfare funding should have been either at work or looking for a job. Many of the protestors could have physically outwitted them, but maybe that is below their dignity. It frightens me to witness the growing attitude that the government owes the citizens everything!

Mr. Rowe's parents were Jessie Mercer Rowe and Margaret Jane Oates Rowe.

Miss Zelma's mother was the former Lillian Taylor, fondly called "Lila" by her family and friends. She was the daughter of Mr. and Mrs. Benjamin Franklin Taylor, Mrs. Taylor being Ann Helms prior to her marriage to Benjamin Franklin.

The 11 surviving children born to this early patriarch and matriarch of Elba and Coffee County are the following:

Monnie (Mrs. Jim) Bowers, who was living in Jay, Florida, died at the time of her death. She and her husband resided in Elba many years ago and operated the Elba Ice Plant, and also operated what was probably Elba's first ice cream parlor, which was located across the street from the Elba United Methodist Church. They were the parents of 8 sons and 2 daughters: Rowe, Damascus Community; Maxwell, who is deceased, but made his home in Jay, Florida; Charlie Frank, Andalusia; Joe, Opp; Virgil, Foley, AL.; Wilmer, Ohio; James, Columbus, GA.; Howard, Cantonment, FL.; Mrs. Catherine Henderson, Jay, FL.; and Mrs. Mildred Yancy, Jay, FL.

Nellie (Mrs. Dave) Young, who is now deceased. She was the mother of one of Elba's many gracious ladies - Nellie (Mrs. Milton) Edmondson.

Merle (Mrs. John) Chancey, who made her home in Enterprise until her death. She and her husband were the parents of 3 daughters: Sara Helen (Mrs. Charles) Ezell, Enterprise; Miss Mary Mae Chancey, Enterprise; and Martha Rowe (Mrs. Robert Bates) Charlton, Birmingham.

Glennie (Mrs. Claude) Smith, now deceased, but who was a resident of Elba at the time of her death, and was librarian of the Elba Public Library for many years.

Mary (Mrs. Guy) Gunter, who lives in New Brockton. They are the parents of Guy, Jr., Opelika; and Charles D., Enterprise.

Miss Lillian Rowe is a resident of Elba. She is a former school teacher, and worked as a secretary/book-

keeper with Sawyer Candy Company 24 years.

Gedie (Mrs. C.G.) Rhodes, of Warrington, Florida, has three children: Melba (Mrs. David) McCloud, Clarence Rhoades, and Donald Rhoades, all three of whom reside in Pensacola, FL. When questioned about Gedie's unusual and pretty name, Miss Zelma chuckled and replied that she didn't know where her parents got the name. "Gedie".

Otha, now deceased, was married to the former Lurline Ham. During their marriage, they made their home in Enterprise, but now Miss Lurline resides in Elba.

Greely was employed in a bank in New Brockton before joining the Army and serving in WWI. He passed away in a nursing home in Pascagoula, Mississippi, many years ago.

The "baby" of the family and he might "skin" us for referring to him as a baby, so we'll amend that to the "last child" was a son, Mr. Sam Rowe, who lives in Elba with his wife, the former Marian Pearson. They have 2 sons - Sammy, Panama City; and Billy, Birmingham.

On October 11, 1914, Miss Zelma married Mr. Arthur Clair Brunson, Jr., a native of Elba. He was a well-known and diversified interests - a cattleman, lumberman, merchant, farmer, and EVERYWHERE with us - but - she drew the line at getting on a boat and going into the caverns at Marianna, FL.; she sat at the door and waited for us to come out!

She told us that Miss Zelma has a good appetite - she enjoys eating, and especially likes good cakes and chicken and dumplings.

In her younger days, before her husband's death, she taught school for a while at Sand Hill, which is located at the old Thomas, where she was a cousin. Mr. Pat Young, taught together there for a short while.

Miss Zelma is a member of the First Baptist Church. She is lovingly called "Mama" and "Mama Brunson" by 27 grandchildren, 56 great-grandchildren, and 5 great-great-grandchildren.

In closing, we'd like to salute Miss Zelma, who is a cheerful, smiling and friendly lady. She has a hearing impairment, but we can assure you, she is as "bright as a penny." She has rattled off names and places for us, and wasn't fazed a bit about recalling long-ago events. She truly, a part of Elba, and Elba's colorful history and heritage - having been a part of Elba for so long herself.

Miss Zelma's fondest childhood memories are the good times she and Zedie Rowe, her first cousin, had together. Zelma's family lived where the Ed Lee home now stands, near the jail. She and Zedie would walk each other home, and hating to part, turn around and walk back again.

Hope you enjoyed meeting one of Elba's many lovely Sr. Citizens, and finding out a little bit about her long life, Mrs. Zelma Rowe Brunson.

Mrs. Nellie English presented Mrs. Sara Hutchinson who gave a very enlightening speech on "What's New In Foods." She also gave each one present some suggestions to save food dollars and other consumer information.

Mrs. Sandra Thornton was hostess assisted by Mrs. Dee Martin.

The February meeting will be the 28th, in the home of Mrs. Helen McCollough.

Seniors Of The Week

Presidential Classroom

"A Presidential Classroom for Young Americans" is conducted each year in Washington, D.C., and each year Elba seniors participate.

Those participating this year and dates of their attendance are as follows:

Betty Brunson and Carol Harper - January 19 - 26
Stacy Brecheer and John Harper - January 26 - February 2

Rachelle Bozeman and Patricia Rogers - February 2 - 9
Mark Clark - February 9 - 16

"Presidential Classroom has provided more than 20,000 young people with firsthand exposure to the formation and dissemination of public policy since it was founded in 1968," says Angie B. Whitaker, Executive Director of the Classroom.

"Senators, Representatives, Justices of the Supreme Court, Cabinet Secretaries, members of the Joint Chiefs of Staff, news media personnel, and high level executives from many different Federal agencies and the private sector have comprised the spectrum of speakers at the Classroom."

During the question and answer period that follows the seminars, students are free to challenge or weigh the points of view presented. Smaller discussion groups and "tie-together" sessions with the total class give participants an opportunity to exchange their views and comment on the realities of the American society and provided one another with a myriad of perspectives.

Although registration for the

seventeen winter classes' commencing January 19th is officially closed, space is still available in the one-week summer session. High School Juniors and Seniors in your community who wish to attend the summer session, July 19-26 should call (703) 527-8988 or contact: Presidential Classroom, P. O. Box 19084, Washington, D. C. 20036

What If...
... We had school 12 months a year?
... Nobody ever failed a class?
... S.J. had long, blond hair?
... S.D. had short, black hair?
... W.W. never said, "What If?"
... We didn't have "What If?"

WHIZ QUIZ

Winter through it is, what is the greatest distance (in miles) that you can see on a clear, sunny day?

Answer: You can see at least 93 miles on the distance between the earth and the sun.

TEN YEARS AGO JANUARY 29, 1970

***Mr. and Mrs. M. A. DeVane of Elba are pictured as they explore the interior of a UH-1 "Huey" helicopter at Hatcher Army Helicopter at Ft. Rucker. They were at the Post to attend the graduation Tuesday, January 13, of their son, 2nd Lt. Marion C. DeVane, from the Officer Rotary Wing Aviator course at the Army Aviation School.

***The growth of Elba and the western part of Coffee County is clearly demonstrated by the increase in total resources of the two Elba Kinston banks. The two Elba banks showed a substantial increase in resources of \$1,225,102.16 above 1968. The Kinston bank showed an increase of \$165,739.01.

***Gov. Albert Brewer presented a site development check of \$44,250 to Elba officials for use in preparing the site for the new plant of Kleinfelt's Inc. Those present were: Mayor Jack Brunson; Stokes Haire, Chairman of the Industrial Development Board of Elba; State Representative Drexel Cook; and Sam Sawyer, City Council member.

***Upon the advice of his physicians, T. K. Dorsey has resigned as Vice-President, Sales of Dorsey Trailers, it was announced by George L. Collier, President. In a letter to the company's distributor organization announcing his resignation, Dorsey assured them that while he has no physical ailments, his doctors have advised him to take an extended vacation. Frank A. Mulnar has been elected to succeed Dorsey.

***Gloria J. Waters, a graduate of Mulberry Heights High School in 1966, and now a candidate for graduation in May 1970 at Tuskegee Institute, has been included in the 1969-70 edition of "Who's Who Among Students in American Universities and Colleges. Gloria is the daughter of Mr. and Mrs. Gaines C. Waters, and is majoring in Social Work.

TWENTY YEARS AGO FEBRUARY 4, 1960

***Sylvia Hussey, daughter of Mr. and Mrs. C. F. Faircloth, of Brundidge, and wife of L. P. Hussey, of Jack, is the 1960 Betty Crocker Homeowner of Tomorrow at Zion Chapel High School by virtue of the highest score in a 50-minute written examination. She is a senior.

***Through the Keyhole, by Mrs. Robert Cannon. Throughjoy getting a glimpse of the party preparations at Gwyn Marsh's Tuesday afternoon last week when she was preparing to entertain the Elba Bridge Club. In the living room the white linen covered tables were set up, each centered with a large full-blown red carnation, and greenery set in a milk glass goblet. Lucky guests were Ella Jeter, Frances Hutto, Mary Louise Collier, and Annie Beasly. High scorer was Nell Cook. Bingo contest went to Martha Frances Stephenson and

***Mr. and Mrs. J. F. Brunson moved Monday to their new home, located two miles out on the Troy Highway. The new house, a two-story structure, has been completed for some time but on account of sickness the family

There will be only one course offered on Tuesday evening for the winter and spring sessions and the semester will be for eight weeks duration. The course that will be offered is OTL-121 SURVEY OF THE OLD TESTAMENT. This course will be taught by Rev. Travis Coleman, Jr., Rev. Coleman earned his B.A. degree from Palm Beach Atlantic College of West Palm Beach, Florida. He also earned the Master of Divinity degree from the Southwestern Baptist Theological Seminary, Ft. Worth, Texas. Rev. Coleman is pastor of Hillcrest Baptist Church, Enterprise, Alabama.

Furthermore, there is good news for folk who work at night because of work responsibilities. For those interested people there will be a Saturday morning class. Registration for the Saturday morning class will be held, and class will begin on Saturday morning, February 9, 1980, at 8:30 a.m.

The course that is offered on Saturday morning is: THE NEW TESTAMENT THEOLOGY. The teacher for this course will be announced later.

Mrs. Jo (James) Preachers is the Registrar. James D. Preachers, Sr., is the Director. For further information, call 347-6717.

Wise Mill To Have Guest Speaker

Rev. Vaudie Lambert, Superintendent of the Assemblies of God in Alabama, out of Montgomery, will be the guest speaker, at the morning worship service, Sunday, February 3, at Wise Mill Assembly of God church. Everyone is invited to attend.

Talentum To Have Monthly Singing

The regular monthly singing will be at the Talentum Community Center Sat. night, Feb. 2nd, beginning at 7:00 p.m. The quartets will be, The Dyess Family from Opp and The Joy Singers from Arlton. Everyone is invited.

THE HEAVIEST LOAD A BODY EVER CARRIES

It was a wise old saint who said, "A chip on the shoulder is about the heaviest load a body ever carries."

Have you ever seen a boy put a chip on his shoulder and dare an opponent to knock it off? Maybe you've done it yourself. Now that you're older, you've outgrown such silly deeds. Or have you?

Most of us must confess that we find the same immature attitude cropping up occasionally. Someone makes a remark that offends us. Someone overlooks us, and we are resentful. Too often we wear our feelings on our sleeve and in the heat of the moment, we are bound to get hurt.

The problem is that we older folks don't get over our hurt feelings as easily and as quickly as children do.

We saw this illustrated in the life of a certain brother who fell into this sin the year of resentment. He carried the chip on his shoulder for years, and it became a heavy load indeed for he lost his friends, lost his joy, and turned into a sour, surly, and lonely old man.

It began when his name was accidentally omitted from a certain list at church. He was told the omission was unintentional. Apologies were offered, but he refused to accept them. He just nursed his resentment over the fact he had not received the recognition he deserved.

For a few Sundays he continued his silent message. He took a back seat. Eventually he submitted a formal resignation and from that day on he absented himself from the house of God. He carried a chip

on his shoulder constantly.

He had been wronged. The offense had been humiliating. It should not have occurred. But he had sinned more than he had been sinned against! And as always happens to one who sins, he paid a penalty—the penalty of gloom, frustration, and despair.

He was guilty of a threefold apology. He sinned against God by refusing to forgive. And he sinned against himself for destroying his own happiness.

If you are a sensitive person, take the Lord for special grace to withstand all the bumps and bruises of life. He will give it. His grace is sufficient. God will help you to swallow your pride and reject resentment if you will ask Him to.

It's what Paul meant by heaping coals of fire (Romans 12:20). The fire of loving action burns out all ill feeling for the offender and offended alike.

WEDNESDAY, JANUARY 16, was a very special day for the Young in Heart of First Baptist Church.

Approximately twenty-five members and three visitors were present for the meeting.

Dr. Charles Graham, former pastor of First Baptist, was the guest speaker and brought a very inspirational message.

After the speaking, a time of fellowship was enjoyed, and then a delicious covered dish dinner was served.

Receiving the Bachelor of Ministry degree was Alan G. Moore, pastor of Basin Baptist Church. He is a native of Auburn, Ala., and his wife's name is Joanne.

RECEIVING THE BACHELOR OF MINISTRY DEGREE WAS ALAN G. MOORE, PASTOR OF BASIN BAPTIST CHURCH.

ALL AROUND COFFEE COUNTY County Farm Agent TOM CASADY

EMBARGO
Dr. James Hurst, our crop marketing specialist at Auburn, told me Thursday that the results of the embargo will have an effect on prices that farmers receive for grain and soybeans this year. However, Coffee County and Alabama losses will be less than other states since we import corn and other feed grains. Feed prices should be less than other states since we have a few weeks back. This makes poultry and livestock feeding more profitable. As most everyone knows, Coffee County has a big poultry and livestock industry. We are hopeful, of course, that peanuts and soybeans will not be affected by the embargo. Soybeans could be, and we should know more about this in the weeks ahead.

BETTER GARDENS
Gardening specialist Dean Bond reminded a group just recently to be careful in buying garden seed. If you see seed which are cheap or on sale, think twice before you buy. These seeds may not be a good bargain. Plan your garden well ahead of time. Check with a reputable garden center or seed dealer to see if he can supply the vegetable varieties you need. If you wish to order seed from a mail order company, check with your friends and neighbors and ask their experience with the company. Before you order, check the recommended variety list for Coffee County. This list gives names of vegetables which will do best in this area. If you need a copy of the latest variety list, come by the Extension Office at New Brockton to pick up your free copy. Or call us at 894-5596, and we'll be happy to send you a copy.

SAFETY
Coffee County farmers will be turning, disking and harrowing land on a stepped-up scale in the weeks ahead. Sometimes heavy rains in the winter will undermine roadbanks and shoulders where tractors are turning around. Occasionally, we will have a cave-in, and a tractor will turn over, penning the driver underneath. I am mentioning this to emphasize the importance of being very careful, especially the first time you plow around fields at the beginning of the year. Speaking of spring plowing, now is an excellent time to get repairs done to equipment and machinery and have everything ready to go when the weather is right.

COFFEE CORRESPONDENCE With Sara Hutchinson News Of Interest To The Women Of Coffee County

YOU CAN CUT FOOD COST
Often times we think there is no solution to the high cost of food bills. But there is, and we CAN reduce the food bill! We'll need to develop some new techniques on meal planning, shopping and food preparation. Susan Reynolds, Specialist in Consumer Education, Auburn University, will be program speaker on "How to Cut the Food Bill," at a meeting on Tuesday, February 5, from 1:30 - 3 p.m. at the County Extension Office in New Brockton. You are urged to attend and learn ways to have good nutrition at a reduced cost.

HOUSEHOLD INVENTORY
Do you know the true value of your household goods? Think it's not important enough to bother with? There are many reasons for making a household inventory. If your house is destroyed, your insurance company probably will ask you to fill out an itemized list of belongings, complete with values. Trying to remember all of them is difficult.

An inventory furnishes a record on which to base the amount of insurance you're entitled to in case of fire, windstorm or flood. And, it also gives great satisfaction to know the total worth of your belongings.

Keep the inventory with your fire insurance policy and other important papers. A good place is your safe deposit box at the bank. An inventory that burns with your household possessions isn't much use to you.

DIABETICS TO MEET
The Coffee County Diabetic Chapter cordially invites you to their regular monthly meeting which will be held Tuesday night, February 5, at 7 p.m. at the County Extension Office, in New Brockton.

Mr. Lanny Shepard, of Enterprise, will be the speaker, and his topic is "Exercise for the Diabetic." Mark this date on your calendar and plan to attend. Bring a friend with you.

CLOTHES SHOPPING
When shopping for clothes, learn to predict their later appearance by reading all hang tags and labels. Many manufacturers include detailed information about finishes that affect performance and appearance after several launderings. Always check for wrinkle resistance. Usually fabrics

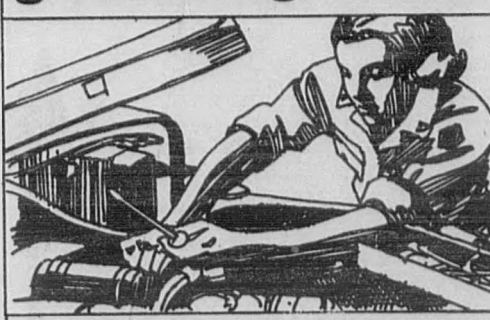

which is a ratio of capitalized expenses per volume unit of wood, can also be used to lower taxable income. If you sell timber, ask your accountant to check into these tax allowances.

NO-TILL MEETING
A no-till, or minimum tillage, meeting, was held this past Monday night in Enterprise.

Minimum tillage is usually described as planted in some type of cover crop or residue from previous crops. Many farmers have learned that the reduced tillage keeps their soils from drying out, makes chemicals more effective, increases organic matter, and reduces soil erosion. In most cases, the increase in organic matter increases yields, which more than pays for the cover crop or small grain residue.

The depletion allowance, which is a ratio of capitalized expenses per volume unit of wood, can also be used to lower taxable income. If you sell timber, ask your accountant to check into these tax allowances.

Start a part-time career before you graduate high school.

In the Army Reserve, you can begin to learn a skill and earn an extra income during your last six months of high school. Get a head start on a skill in commerce, the wide variety of skills, depending on your qualifications and the needs of your Reserve unit. You start to learn and practice your skill 16 hours a month (usually a weekend) with your local unit. And you earn over \$50 each month. After graduation, you get in shape in Basic Training. And initial entry training for some Army Reserve skills can be used before two consecutive summers. Back home, you continue to serve part-time in your local unit. Or, you can use your training to get some valuable work experience before you even begin a full-time job. Call SGT. VERNON BRACKEN, ENTERPRISE 347-0314 or US ARMY RESERVE CENTER, ELBA 897-6061. Meet Today's Army Reserve.

PRESSBOX

By: Ricky Mulari Sports Editor

There has been a lot of talk lately about coaches changing jobs, and the area scene will definitely have a new look next season. Andy will be as strong as ever, and with new coach Rick Rhodes, will become a more popular team. The Bulldogs lost a super coach in Donnie Sharpe, but his fiery ways and reputation for running up big scores hurt Andalusia's image in the area.

Coach Leon Atkins is a good coach, but don't look for him to perform miracles during his first year at Brundidge. Brundidge will get better, but isn't ready to battle for a state title. I've heard rumors that Coach Max Griffin has resigned at Geneva, and that a popular young coach in the area will take an assistant post at Florida. I'm not making any predictions, but I think the coaches' "musical chairs" is far from being over.

The County Junior High Tournament starts tonight in Elba, and it should be quite an event. Seven teams are entered, and all have good teams. So, why not come out and see a couple of games. I catch a lot of fussing about watching sports on TV, and while I know everyone doesn't like to watch it, it is the cleanest show on the tube. The National Federation for Decency recently released a study that revealed baseball was the "least sea-oriented" program on television, and that it was also the second "most constructive" show. See there - I just like to watch good clean fun!

This week's Clipper poll does have a few changes, but it is basically the same as before, because the best have already risen to the top.

Don't become a heart attack victim because of tensions and overwork. This is one area where you can practice a little "preventive medicine" by slowing down and relaxing. This is especially true if you are one of those driving individuals who feels that 14 to 18 hours of work per day is absolutely essential to your business.

Too many men realize too late that they should have taken some time off and learned to relax. Too often this lesson becomes clear only after the victim has suffered a heart attack and is hospitalized. Every adult should have a complete medical examination at least once a year.

When your doctor prescribes medications for you, have the prescription filled here. You can be assured of accurate and prompt compounding.

Elba To Host Coffee County Junior High Basketball Tournament

The Coffee County Junior High Basketball Tournament will be held at the Elba High gym on Thursday, January 31, through Saturday, February 2, with seven teams competing. The tournament will start tonight (Thursday) at 5:30, when New Brockton meets Goodman, while at 6:45, Elba will battle Dauphin Street, from Enterprise. The night's final game will have an 8 o'clock tip, with New Hope meeting Enterprise Jr. High. Two games will be played on both Friday and Saturday nights, and will start at 6:00 and 7:15.

Kinston, coached by Tim Archie, is the top seed in the tournament, with an 8-1 record, and drew the opening round bye. The Bulldogs play good, basic basketball, and are fundamentally sound, both on offense and defense. Kinston has a winning combination of good outside shooting and strong rebounding. Darren Smith, a 5-8 guard, is the quarterback of the club, and controls the team on the court, while Chris Salter, a 5-10, forward, is the club's top scorer. The key to Kinston's success this season has been the play of Shane Smith, a 6-0 center, who leads the team in scoring with a 21 points per game average.

Dauphin, coached by Jack Parker, is having an up-and-down year and brings a 6-7

record into the tournament. The Dolphins, who had a 17-1 slate last season, have played a tough schedule this season, and for the first time in the school's history, have two eighth graders on the squad.

Dauphin, the county champion for 4 of the past 5 years, is led by Carlos Robinson, a 5-11 jumping jack, who is scoring 16 points and grabbing 14 rebounds a game. A big man in the Dauphin game-plan is Robert Reynolds, a 6-0 center, who averages 6 points and 9 rebounds a game, while Keith Blackmon is fully recovered from a football injury, and should provide added quickness.

Enterprise Junior High, coached by James Crawford, boasts the county's top player in its team on the court. Bobby Brooks (5-9) adds 12 points a game for the Wildcats, and from his guard position directs his team on the court. Bobby Brooks (5-9) adds 12 points a game for the Wildcats, and from his guard position directs his team on the court.

Goodman, coached by Jack Holley, owns a 4-5 record, and relies on its defense to stay in big games. Michael Carley

Freshman Makes All Conference

By: Sherry White
Dwan Pope, a 5' 10" ninth grade from Zion Chapel High School was recently chosen for the Junior High Basketball All Conference Team. Dwan was chosen on the basis of his performance in a recent tournament held in New Brockton. Coaches from around the county chose ten players each who they thought showed outstanding athletic ability in basketball. Dwan, who has scored 81 points in 7 games for an average of 12 points per game, received a trophy for his performance. He is the 15 year old son of Mr. and Mrs. Jerry Pope of Rt. 1, Jack.

This Week's Teacher Spotlight

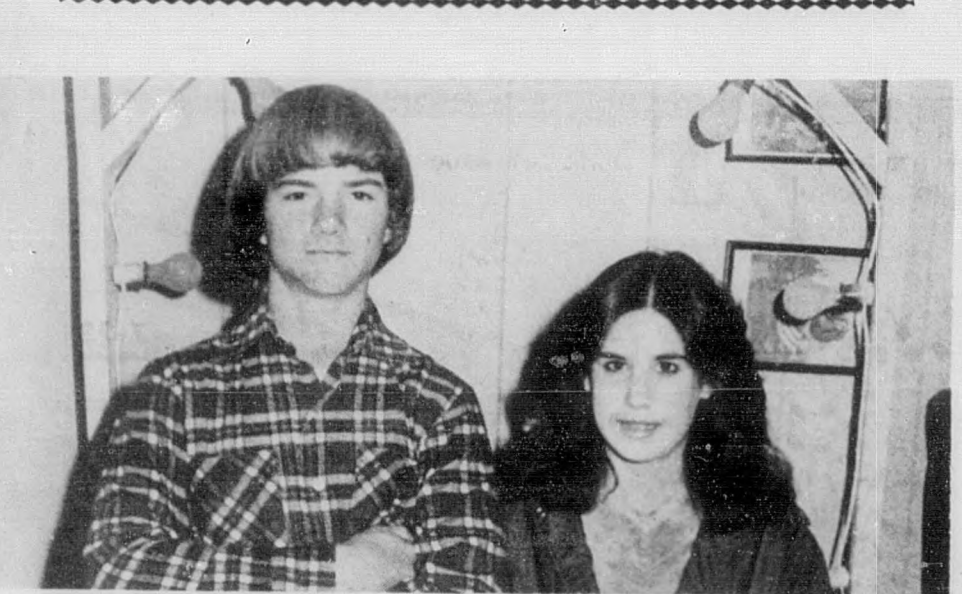

By: Mary Davis

This week the spotlight shines on Mrs. Sylvia Lowery. Mrs. Lowery's job at Zion Chapel, besides teaching English and being a Junior Class Sponsor, is keeping the High School and the Elementary Libraries stocked with good reading and research materials. Mrs. Lowery lives in Wilkinstown with her husband

Mr. Densby Lowery, who is principal of the Zion Chapel Elementary School, and her daughter, Lia, who is now attending Troy State University. Mrs. Lowery, a graduate of Troy State University, says that one of the things that she enjoys most about teaching at Zion Chapel, is being able to know the students on a personal

basis. This week of the hobbies which interest Mrs. Lowery are reading and literature. But her greatest love, besides her family, is her eleven year old cat.

Thanks to a librarian with plenty of books and research, but most of all to a warm and friendly lady.

Eighth Grade Favorite Craig Flowers and Ninth Grade Favorite Katrina Jacobs.

Class Favorites

Rebels Lose 2, Record Dips To 4-6

By: Kim Leverett

The Zion Chapel Rebels lost their January 18th game to the New Brockton Gamecocks 84-57. The game was close during the first half, but the Gamecocks pulled away in the last half to claim the victory. The Rebels had a 13-10 lead at the end of the first quarter, and trailed only 38-33 at the half. But it was all downhill the second half, as the Rebels lost their fifth drop their record to 4-5.

Leading scorer for the Gamecocks was Ricky Nelson

with 22. Rebel scores were Walter Adair with 15, Jeff Senn with 14, Ricky Dorman with 13, Herman McClain with 10, Tony Calhoun with 3, and Tommy McClain with 2. On a rainy January 22, the 4-5 Rebels journeyed to Louisville to do battle with the Louisville Red Devils, where the Rebels were handed their sixth defeat of the season. The Rebels dominated the first half, but the Red Devils rebounded their way to the lead and the victory in the

second half. The Rebels owned a 25-16 lead at halftime, but the lead had slipped to 33-29 after three quarters. The Rebels' lack of fourth quarter rebounding, and the Devils' hot hand in the final stanza spelled a 45-43 defeat for the gallant Rebels. Leading scorer for the Rebels was Ricky Dorman with 18. Other scorers were Jeff Senn with 9, Walter Adair with 7, Herman McClain with 6, and Tommy McClain with 3.

Rebels Revive Spirit

By: Lisa Ammons and Vickie Ellison

The Spirit has been a little low around ZC these past weeks. So this past Friday the Cheerleaders decided to liven up the Pep Rally by giving away ten free passes to the ball game. Names were drawn from each high school class who showed the most spirit and won the

Spirit Stick. The winners from the eighth grade were Beverly Ellison, Dedie Fuller, Tony Maddox, Tanny Reeves, and Brenda Rothwell. Winners from the tenth grade were Brenda Jackson, Rita Parker, Ricky Sunday, Marietta Duncan, and Lisa Taylor. Also attached to the

Pep Rally was the condition that if the crowd did not yell it would be the last Pep Rally. The crowd DID NOT let us down. They showed their SPIRIT and proved they were truly ZION CHAPEL REBELS.

Keep up the good work Z. C.

Shiver Visits Eighth Grade

Mr. Ronny Shiver recently spoke to Mrs. Lowery's eighth grade science class. His talk on astronomy and the universe really gave every member of the science class, as well as their teacher, so many ideas to consider. All of this exploration of new ideas resulted in an explosion of questions aimed at Mr. Shiver. With his background of knowledge, Mr. Shiver answered all questions and left the class with the great desire for a return visit from him.

Done this 24th day of January, 1980.
